# LIVING SPACE MOODBOARD CONCEPT

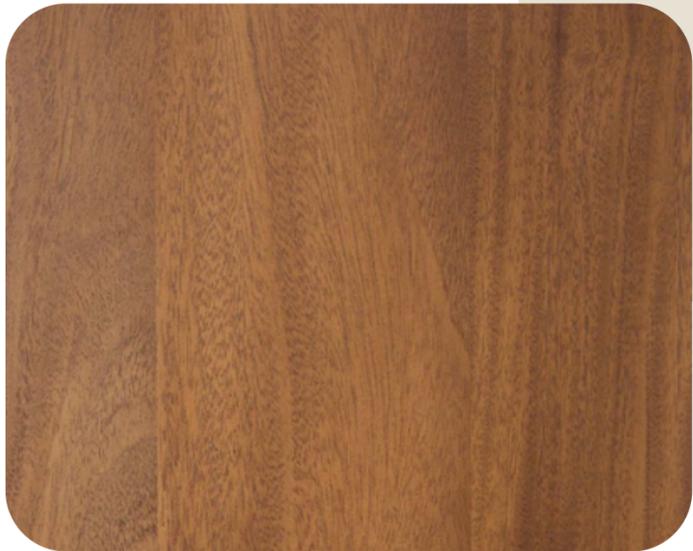

AYSO INTERIOR

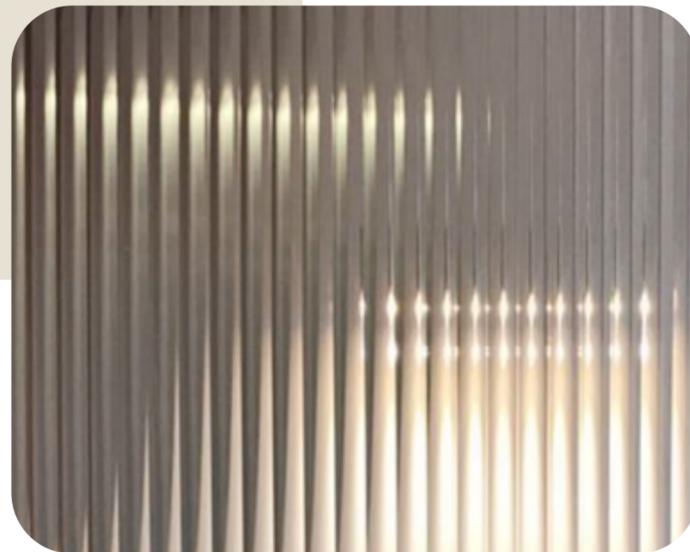

**FULL LENGHT MIRROR DOORS (ENTRANCE) -**  
FUNCTIONAL, SOPHISTICATED AND MINIMAL

**GREIGE & MAT TONES**  
(EX : JOTUN LIMESTONE(10341) OR SPACE(10678)) -  
TIMELESS, MODERN AND ELEGANT

**MAHOGANY WOOD - WARM AND WELCOMING**

**TEXTURED GLASS DOORS -**  
PRESERVING PRIVACY WHILE LETTING IN LIGHT

## PALETTE & MATERIAL

We will preserve the spirit of the apartment while enhancing the feeling of a bright, airy, and sophisticated space.

Light greige tones — timeless, modern, and elegant — will serve as the base, complemented by mahogany wood. These new elements will match with your actual furnitures

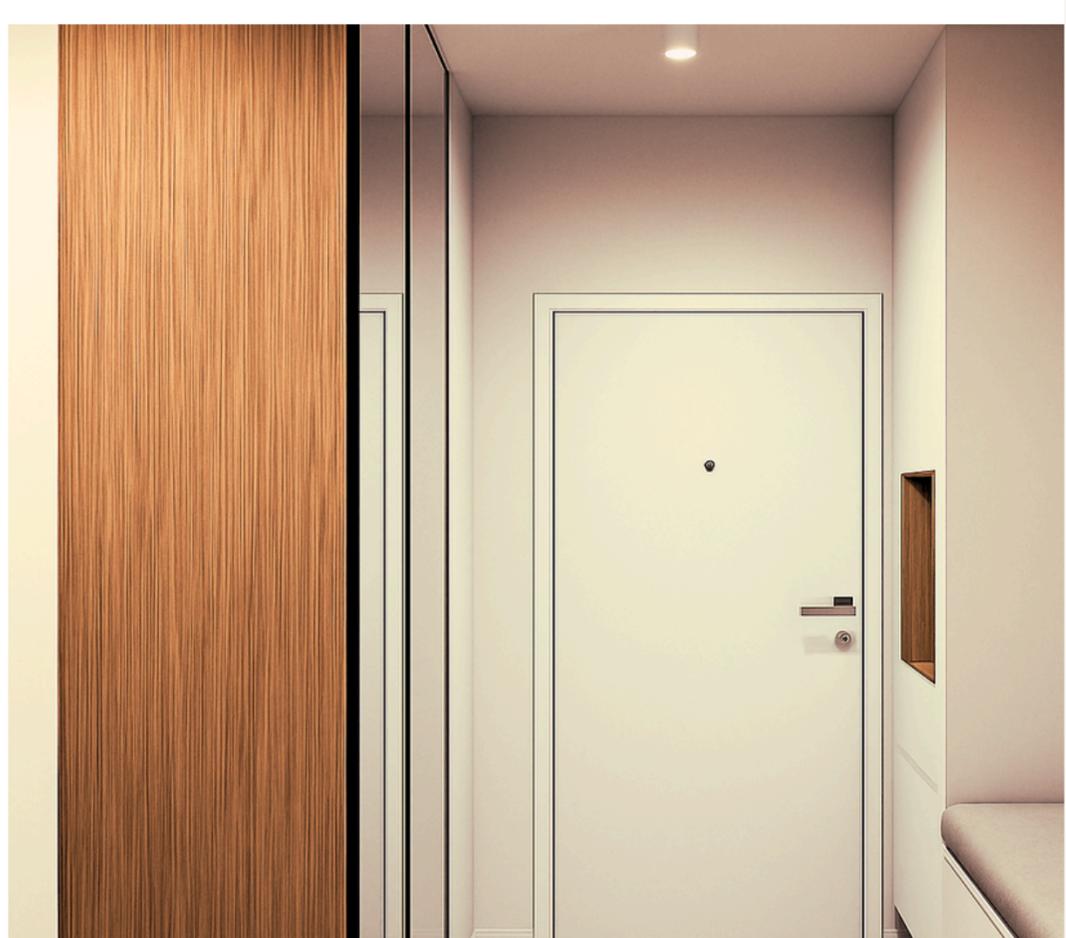

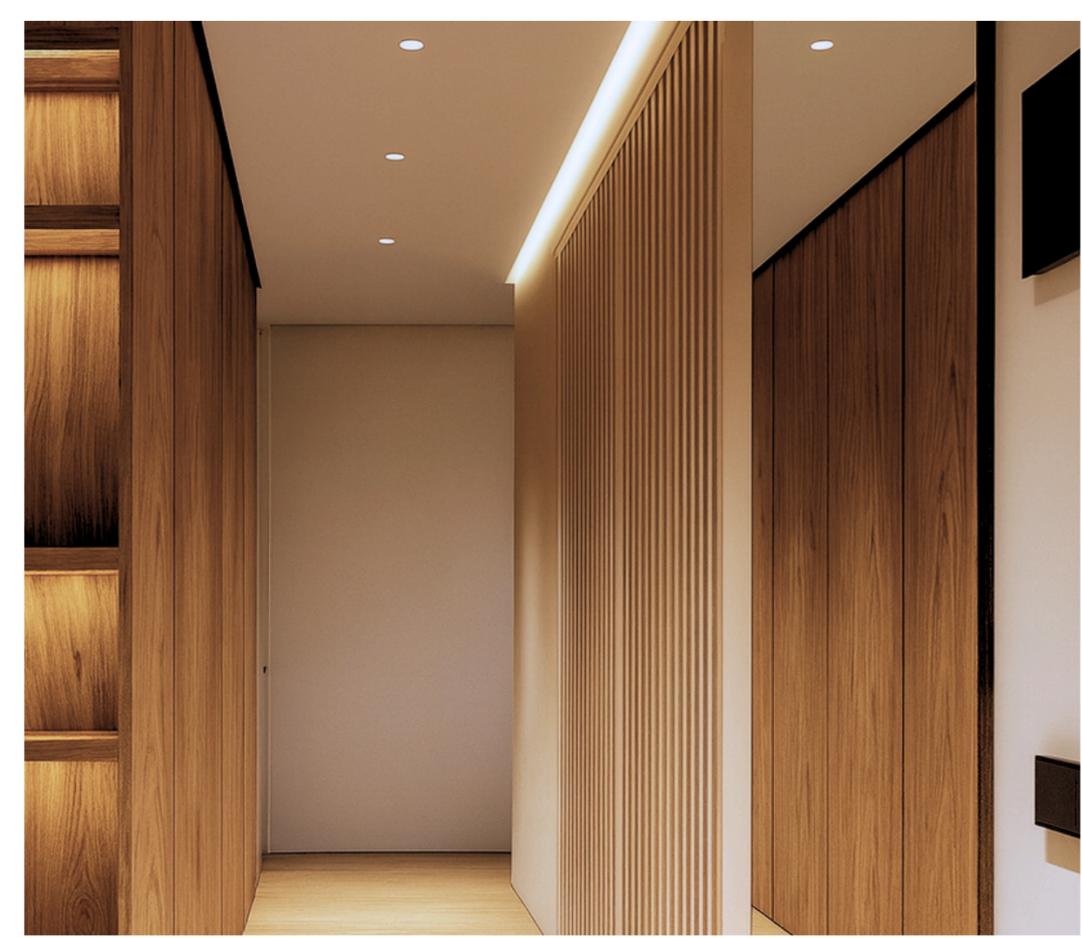

# ENTRANCE & WALL EXTENSION

As discussed, we propose extending the entrance wall to create additional shoes storage while maintaining a clean and elegant look.

Sliding doors will be integrated to optimize circulation and avoid wasting space when opening.

These doors will be designed as full-height mirrors, from floor to ceiling, to bring a minimal and sophisticated aesthetic.

Beyond functionality, the mirrored surfaces will visually enlarge the space and enhance brightness, creating a welcoming and refined entrance.

Thin minimal handles

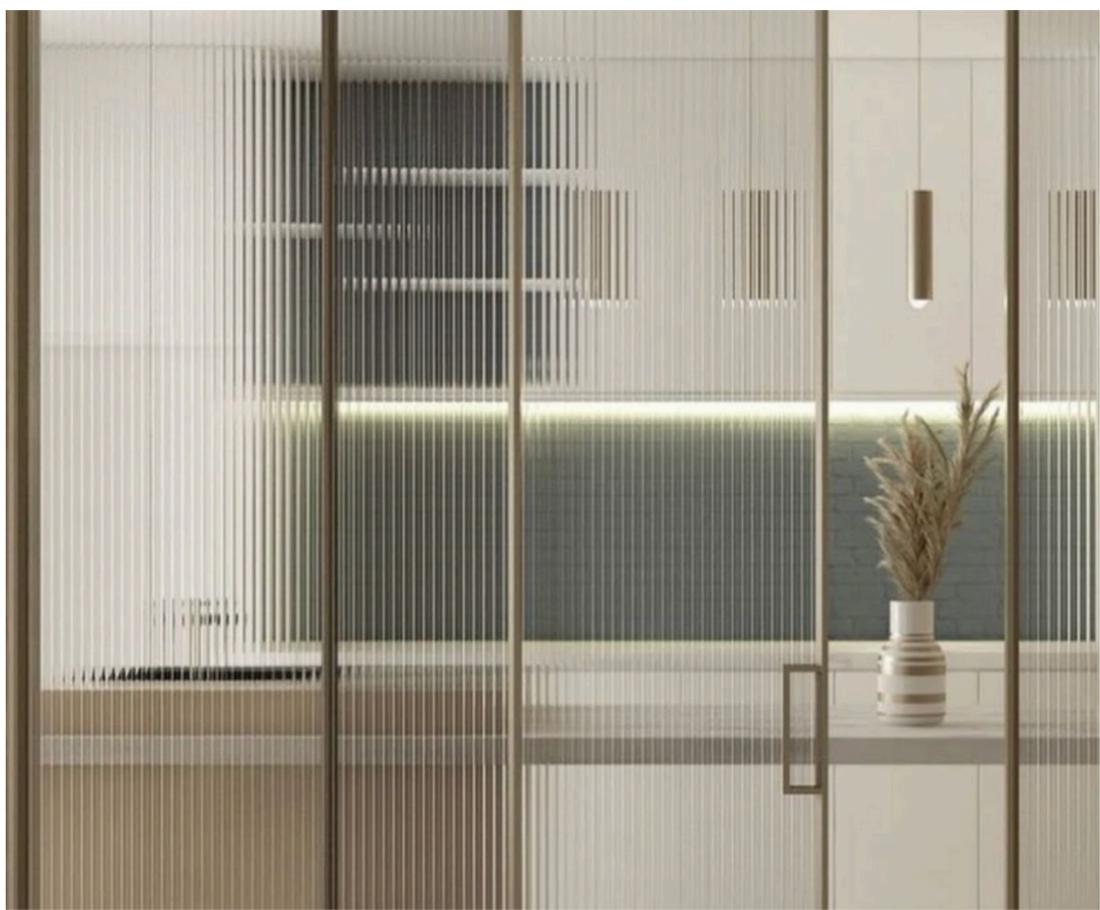

wall in beige/greige paint

# KITCHEN

In the kitchen, we will replace the upper cabinets to provide the necessary storage space for a functional family kitchen. The fridge will be seamlessly integrated into the new cabinetry for a clean and modern look.

To enhance both aesthetics and privacy, we propose the use of sliding glass doors. These will perfectly complement the bright and contemporary design of the apartment while allowing the kitchen to be closed off when needed or concealed within the planned wall extension.

The choice of textured or semi-opaque glass ensures privacy while still allowing natural light to flow into the space, creating a kitchen that feels both practical and elegant.

## LIVING ROOM

We recommend the **Jotun Space** shade in matte finish to bring a modern and timeless cocoon effect to your living space.

Full-length beige curtains and textured cotton chiffon will add softness and an elegant high-end finish.

Creating a full design TV wall will elevate your living room into a unique centerpiece. This provides a strong design envelope while allowing your actual furniture to express itself.

To enhance the high-end feeling, we also recommend dressing the walls with oversized textured canvas artworks.

Finally, a large beige/brown toned rug will frame the seating area, creating a warm and cosy atmosphere perfect for family time.
